

# Adedokun Moses Omoniyi

Frontend Developer

Git-hub: [@adedokun\\_moses](#) LinkedIn: [@adedokun\\_moses](#)

## CAREER SUMMARY

A detailed-oriented and client-focused frontend developer with a demonstrated history of building responsive websites and working with API services. Proficient at managing all stages of software development life-cycle, from requirements gathering and feasibility studies to deployment and maintenance. Looking for a fast-paced environment to add values and develop myself.

## WORK EXPERIENCE

### ATBTWORLD, Ikorodu: Frontend Developer (Intern)

January 2022 – Present

- Studied HTML, CSS, Bootstrap, JavaScript, Vue Js courses using Frontend masters, W3School and Udemy
- Designed Figma structure for a real-life project.
